

# 8 Methods of the Divine Tortoise

## Ziwu Liuzhu & Ling Gui Bafa

Also known as Best time Acupuncture from the Neijing

Rarely taught outside of China

**This formerly secret method of Acupuncture uses the Bagua for the best point selection.**

### About the Presenter:

---

**Professor Yuan JiaLi began her career in Medicine in 1961**, when she graduated from Tongji University, PRC with her first degree in medicine.

Now with almost 50 years of professional experience is a highly sort after teacher in China and overseas.

Professor Yuan offers the unique opportunity to discover the ancient tradition of these methods as she learned them from the very famous Professor Gao Lishan.

Professor Gao who dedicated his life to understanding and passing on this special method of treatment. The method is also called best timing acupuncture and gives

us the ability to use spiritual and heavenly guidance when treating using this method.

**Traditionally this course requires 50+ hours of study.** Due to her unique understanding and teaching methods, Professor Yaun is able to deliver this in an accelerated style in just one day. The professor has placed a limit on the number of students to ensure that there is plenty of time for practical and personalised attention.

**Just 66 points lead the energy in all 366 Acupuncture Points on the body.**

We can grasp an advanced understanding of Acupuncture when we use the **8 Divine methods** of the tortoise for point selection. It is an ingenious combination of **Bagua, Terrestrial Branches and Wushu** points and uses the eight extraordinary channels and Bahui points using a simple to understand method and chart. Using Professors Lishans diagram you will be easily able to memorize the precise points and locations.

### What you will learn in the workshop:

- **An ingenious combination of Bagua and Celestial Stems, Terrestrial Branches and Wushu points that simplifies and explains the profound theory in easy to understand terms.**
- **The extra eight channels as well as Bahui points are explained with an easy reference chart for later reference allowing for easy reference in a clinical situation.**
- **Opportunity for a Hands on application of these methods and the differences to the normal selection of points.**
- **Clear course notes that will allow you to revise and revisit the information at later times**
  - (Certificate of attainment for CPE points)
