

二仙湯片

Specially developed for use within the Hospital system of China, this formula is used for the treatment of menopausal syndrome especially with hot flushes, night sweats and irritability that may be accompanied by a general tendency to be cold with hot flushes and sweating, especially in the early hours of the morning. It was first created to treat blood pressure problems in Menopausal age women.

TCM MENO EZE (ER XIAN TANG PIAN)

Curculigo & Epimedium Combination

Contains 60 Natural clear film-coated, high concentrated (8:1) tablets

Indications:

This Traditional Chinese Medicine has been traditionally to support kidneys and invigorates yang, nourishes the liver and clear heat, regulates the Chong and Ren channels, helping to relieve the symptoms of Menopause.

TCM Indication:

Liver blood, kidney yin and yang deficiency, with deficient heat.

P) Fine-Rapid-Empty pulse (Xi Shu Xu)

T) Possible Light red especially tip, thin to no coating, general tongue have seen light to crimson in clinic.

Symptoms & Signs:

- Changes in menstrual cycle
- Hypertension (High Blood Pressure)
- Colder than normal with Hot flushes or warm flush feeling and sweating
- Problems sleeping including insomnia and Night sweats(Sleep Hyperhidrosis)
- Mood changes
- Headaches
- Feeling anxious or irritable
- Vaginal dryness
- Bladder infections or Urinary Incontinence

Remark:

The first three herbs Xian Mao, Yin Ynag Huo, and Ba Ji Tian all nourish liver blood while at the same time invigorating Kidney Yang. Yin Yang Huo regulates the liver, while Dang Gui regulates the blood both helping to reduce the associated emotional symptoms of this pattern.

Zhi Mu & Huang Bai clear deficient heat and drain fire with Huang Bai leading the Ministerial fire back down to the Kidneys (its source).
